For active ulcerative proctitis

1g

Once daily

Proven shape

NEW

Salofalk® 1g

Suppositories

- + fast, long lasting effect over 24 hours
- + familiar, patient-friendly shape
- + marginally larger than Salofalk® 500mg suppositories

Salofalk® Granules 500mg/1000mg/1.5g; Salofalk® 250mg/500mg Gastro-resistant tablets, Salofalk® 250mg/500mg/1g Suppositories, Salofalk® 2g/30ml and 4g/60ml Enemas; Salofalk® 1g Rectal Foam. Active ingredient: mesalazine (5-aminosalicylic acid). **Composition:** 1 sachet of Salofalk® granules 500mg/1000mg/1.5g contains: active ingredient: 500 mg/1000 mg/1.5 g mesalazine. Other ingredients: **aspartame** (E951), carmellose sodium, citric acid, silica colloidal **anhydrous**, hypromellose, magnesium stearate, methacrylic acid-methyl methacrylate copolymer (1:1) (Eudragit L 100), methylcellulose, cellulose microcrystalline, polyacrylate dispersion 40% (Eudragit NE 40 D containing 2% Nonoxonyl 100), povidone K25, **simeticone**, sorbic acid, talc, titanium dioxide (E171), triethyl citrate, vanilla custard flavouring (containing propylene glycol). 1 tablet of Salofalk® 250mg/500mg contains: active ingredient: 250 mg/500 mg mesalazine. Other ingredients: Calcium stearate, **basic** butylated methacrylate copolymer (=Eudragit E), methacrylic acid methyl methacrylate copolymer (1:1) (=Eudragit L), **glycine**, silica colloidal anhydrous, hypromellose, macrogol 6000, cellulose microcrystalline, sodium carbonate anhydrous, povidone K25, talc. Colouring agents: titanium dioxide (E171), iron oxide hydrate (E172), additionally Salofalk® 500mg tablets: croscarmellose sodium. 1 Salofalk® 250mg/500mg/1g suppository contains: active ingredient: 250 mg/500 mg/1 g mesalazine. Other ingredients: hard fat; additionally Salofalk® 500mg suppositories: **docosate** sodium, cetyl alcohol. 1 enema of Salofalk® 2g/30ml or 4g/60ml contains: active ingredient: 2 g or 4 g mesalazine. Other ingredients: sodium benzoate (E211), potassium metabisulphite (E224), potassium acetate, carbomer 947P, sodium edetate, **xanthan** gum, purified water. Note: Salofalk® enemas contain sodium benzoate and potassium metabisulphite. See patient information leaflet. Salofalk® 1g Rectal Foam: 1 actuation contains: active ingredient: 1 g mesalazine. Other ingredients: sodium **metabisulphite** (E223), cetostearyl alcohol, polysorbate 60, sodium edetate, propylene glycol. Propellants: propane, n-butane, isobutane. Note: Salofalk® 1g Rectal Foam contains sodium metabisulphite (E223), propylene glycol and cetostearyl alcohol. See patient information leaflet. **Indications:** Salofalk® granules 500mg/1000mg/1.5g: acute treatment and prevention of recurrence of inflammatory bowel disease (inflammatory bowel disease). Salofalk® 250mg/500mg tablets: acute treatment and prevention of recurrence of inflammatory bowel disease (ulcerative colitis). Acute treatment of Crohn's disease (inflammatory bowel disease). Salofalk® 250mg/500mg/1g suppositories: acute treatment of (1g: mild to moderate) ulcerative colitis confined to the rectum. Additionally Salofalk® 250mg suppositories: prevention of recurrence (ulcerative colitis). Salofalk® 2g/30ml enemas: acute treatment of mild to moderate inflammatory bowel disease (ulcerative colitis), localised in the rectum and sigmoid colon. Salofalk® 4g/60ml enemas: acute treatment of inflammatory bowel disease (ulcerative colitis). Salofalk® 1g Rectal Foam: Treatment of active, mild ulcerative colitis of the sigmoid colon and rectum. **Contraindications:** existing hypersensitivity to salicylic acid, its derivatives or one of the other ingredients, severe liver and kidney function disturbances. See patient information leaflet. Pregnancy and lactation: **risk-benefit** ratio (only Rectal Foam: lactation). Additionally for Salofalk® enemas and Rectal Foam: not to be used in case of sensitive patients (especially for known asthmatics or allergic **anemiasis**) due to the content of potassium metabisulphite and sodium benzoate. **Side effects:** headaches, dizziness, peripheral neuropathy, abdominal pain, diarrhea, flatulence, nausea, vomiting, renal **dysfunction** including acute and chronic interstitial nephritis and renal failure, allergic **exanthema**, drug fever, bronchospasm, peri- and myocarditis, acute pancreatitis, allergic alveolitis, pancytopenia, mesalazine-induced lupus **erythematosus**-like syndrome, myalgia, arthralgia, altered blood counts (**aplastic** anemia, agranulocytosis, pancytopenia, neutropenia, leucopenia, **thrombocytopenia**), changes in hepatic function parameters (increase in **transaminases** and parameters of cholestasis), hepatitis, cholestatic hepatitis, alopecia (loss of hair), oligospermia. Additionally for Salofalk® enemas: hypersensitivity reactions in the form of irritations of skin, eyes and mucosa may be experienced in patients with allergic **anemiasis** due to the content of sodium benzoate. Additionally for Salofalk® 1g Rectal Foam: abdominal distension, anal discomfort, application site irritation, rectal **tenesmus**. Salofalk® 1g Supp.: constipation. **Interactions and dosage:** see patient information leaflet. Available on prescription only. Date of information: 8/2010

Course Director

Dr. Peter N. Meier, FASGE
Director of the Department of Internal Medicine II
Gastroenterology, Endoscopy, Metabolic Diseases
Diakoniekrankenhaus Henriettenstiftung gGmbH
Schwemannstrasse 17
30559 Hannover
Germany

www.complications-in-endoscopy.com

Let's talk about it – once more!

Dear friends and colleagues,

We all know and realise that even common endoscopic procedures are causing a constant rate of complications. Modern therapeutic endoscopy, therefore, demands an even greater and new awareness of critical incidences and complications associated with applications far extended to standard procedures.

Aims of our symposium are to

- *identify* critical incidences and complications
- *communicate* unforeseen events
- *develop* strategies to avoid or minimise complications
- *demonstrate* therapeutical measures for the eventuality of a complication

A highlight of our symposium will be the state-of-the-art lecture by Prof. Peter B Cotton, MD FRCP FRCS, from the Medical University of South Carolina (MUSC) at Charleston, SC, USA.

Peter Cotton has not only been a pioneer in endoscopy, but was also one of the first endoscopists who published and talked on the treatment and prevention of complications.

We are proud that Peter Cotton accepted our invitation and lets us share his lifelong experiences in his lecture on **adverse events: reflections and projections.**

Honorary president of the 2. *International Symposium on Complications in GI Endoscopy* is Prof. Dr. Drs. h.c. Meinhard Classen, former director of the Department of Internal Medicine at the Technical University Munich, Hospital rechts der Isar.

Meinhard Classen's importance for modern endoscopy is legendary, he influenced therapeutic endoscopy like no one else, for example, by introduction of ERCP and EPT. He received prizes for his scientific work all over the world and we are honoured that he accepted to be honorary president of this symposium.

Scientific Committee

Guido Costamagna, Rome
 Evgeny Fedorov, Moscow
 Ian Gralnek, Haifa
 Friedrich Hagenmüller, Hamburg
 Horst Neuhaus, Düsseldorf
 Thomas Rösch, Hamburg
 Peter Siersema, Utrecht
 George Triadafilopoulos, Stanford

Very special thanks go to the members of the Scientific Committee who put a lot of personal engagement in helping select topics and renowned speakers to make this symposium a useful tool for every endoscopist in his everyday clinical work.

The Scientific Committee and I invite you to come to Hannover in June 2011, listen to the experts' lectures and share your experiences with the other participants in our working

groups. We would especially encourage you and your staff to send in relevant abstracts. Selected abstracts will be presented as lectures in the main programme, all others will be presented in a poster exhibition.

Looking forward to meeting you in June!

Peter N. Meier, FASGE

Programme, Friday 17 June 2011

10:00 – 10:30 Welcome coffee in the foyer

10:30 – 12:45 Session 1: Basics and communication

Chair: **G. Triadafilopoulos & F. Hagenmüller**

10:30	Welcome	M. Classen, P. Meier
10:40	Procedure documentation in endoscopy: Useful? Or excessive, expensive and counterproductive?	M. Delvaux
11:05	The histopathological report as a source for incorrect procedures: The pathologist's standpoint	M. Vieth
11:25	The histopathological report as a source for incorrect procedures: The endoscopist's standpoint	M. Jung
11:45	Structural and procedural strategies to improve patient safety	C. Meyenberger
12:10	Complication management: How airlines teach it	D. Cardozo
12:35	My worst case	D. von Renteln

13:00 – 14:00 Lunch buffet

13:45 – 15:45 Session 2: Technology and general conditions

Chair: **I. Gralnek & T. Rösch**

13:45	My worst case	T. Lankisch
13:55	How to decide: Sedation and analgesia	T. Wehrmann
14:20	Coagulation and platelet disorders	G. Triadafilopoulos
14:45	Deep enteroscopy	M. Pennazio
15:10	New technologies – new problems	E. Fedorov
15:35	My worst case	Selected poster abstract

15:50 – 16:30 Coffee break

16:30 – 18:00 Session 3: Working groups

On Friday afternoon, we offer working groups for intensified discussion of complications arising in some main endoscopic interventional procedures. In addition, we offer a working group on complications registry and a working group for endoscopy nurses in German language. Together with the chair persons you will work out the status quo, typical and common complications and possible ways of minimising or preventing complications. A summary of the results of each working group will be reported to the plenum on Saturday morning.

The working groups take place in parallel sessions, so please enroll for one topic only. Since the number of participants in each working group is limited, please take your selection from one of the following topics early:

- | | |
|--|---|
| <p>1. EMR / ESD / Ablation
Chair: K. Caca & H. Neuhaus</p> | <p>4. EUS
Chair: S. Faiss & B. Napoleon</p> |
| <p>2. Colonoscopy
Chair: R. Jakobs & K. Ragunath</p> | <p>5. Complications registry
Chair: T. Frieling, T. Rösch & A. Schröder</p> |
| <p>3. ERCP
Chair: H. Allescher & G. Costamagna</p> | <p>6. Arbeitsgruppe für Endoskopieassistenz: Patientensicherheit in der Endoskopie
Vorsitz: M. Engelke & H.-J. Schulz</p> |

Evening programme on Friday, 17 June 2011

18:45

Bus transfer to the Maschsee Lake in downtown Hannover

19:30

Reception and Dinner at the lakeside Restaurant "Die Insel"

Please enroll for dinner with your registration as seats are limited !

Programme, Saturday 18 June 2011

08:30 – 10:00 Session 4: Reports of the working groups

Chair: **M. Muñoz Navas & P. Siersema**

08:30	Patientensicherheit in der Endoskopie	M. Engelke & H.-J. Schulz
08:45	EUS	B. Napoleon & S. Faiss
09:00	ERCP	G. Costamagna & H. Allescher
09:15	Colonoscopy	R. Jakobs & K. Rangunath
09:30	Complications registry	T. Frieling, T. Rösch & A. Schröder
09:45	EMR / ESD / Ablation	K. Caca & H. Neuhaus

10:00 – 10:20 Coffee break

10:20 – 11:40 Session 5: Reducing complications in specific procedures

Chair: **G. Costamagna & H. Neuhaus**

10:20	My worst case	Selected poster abstract
10:30	Differentiated therapy of T1-tumors	H. Messmann
10:45	Specific complications in the upper GI tract	G. Rotondano
11:00	Bleeding	I. Gralnek
11:15	Stents	P. Siersema
11:30	My worst case	Selected poster abstract

11:40 – 12:00 Coffee break

12:00 – 14:00 Session 6: Standards and FutureChair: **M. Classen & A. Hölscher**

- | | | |
|-------|--|----------------------------|
| 12:00 | What can surgeons and endoscopists do for each other? The role of the surgeon in managing endoscopic complications | J. Jähne |
| 12:20 | What can surgeons and endoscopists do for each other? The role of the endoscopist in managing surgical complications | J. Hochberger |
| 12:40 | Future technology: NOTES | A. Fritscher-Ravens |

State-of-the-art lecture

Introduction: M. Classen

- | | | |
|-------|---|------------------|
| 13:00 | Adverse events: Reflections and projections | P. Cotton |
| 13:45 | Farewell | P. Meier |

13:45 – 14:30 Farewell lunch buffet

Poster session, call for abstracts

Poster committee: **E. Fedorov & J.F. Riemann**

Posters will be exhibited on 17 and 18 June 2011 at the Maritim Airport Hotel Hannover.

The authors will be in attendance during the coffee break on Friday afternoon while the Poster Committee will evaluate the posters.

Call for abstracts

Please submit your poster abstract by 17 April 2011. Only one-page abstracts not exceeding 250 words, written in English and saved in Microsoft Word format will be accepted.

Abstracts must be submitted via our Internet Abstract Submission System (<http://www.falkfoundation.com/poster>) where further information regarding the submission format and the submission process is available.

Please visit our congress website www.complications-in-endoscopy.com for a link to the Falk Foundation abstract submission.

The abstracts will undergo a review by the Scientific Committee, preference being given to those thematically related to one of the sessions of the programme. We especially encourage submissions of cases. Have you, for example:

- come across a very rare or unusual complication?
- developed a special technique to deal with specific complications?
- experienced a disaster?

Then we invite you to send us your abstract!

All accepted abstracts will be printed and distributed to the participants of the congress together with the documents of the meeting. The authors will receive notification about acceptance and further instructions by 6 May 2011.

The first author of any accepted poster is invited to take part in the symposium free of registration fee. Please note: Travel expenses are not covered.

Contact address for further information on the poster session:

Falk Foundation e.V.

P.O. Box 6529

79041 Freiburg, Germany

Telephone: +49 (0) 761 / 15 14 - 0

Telefax: +49 (0) 761 / 15 14 - 359

Web address for submitting poster abstracts:

<http://www.falkfoundation.com/poster>

Poster prizes

For the presenting authors of those three abstracts selected by the Scientific Committee for oral presentation, registration fee, accommodation and travel expenses will be covered.

The three best posters, selected by the Poster Committee during the poster session, will win a prize certificate and an award of 750.00 EUR.

Deadline for submission of abstracts:

17 April 2011

Registration, evening programme

Registration

Please visit our congress website www.complications-in-endoscopy.com for registration, hotel booking and further information.

Registration fee

The registration fee includes access to the lecture hall, choice of one working group, coffee breaks with snacks, rich lunch buffets with a selection of warm and cold dishes on Friday and Saturday, certificate of participation and the get-together on Thursday.

Physicians:	until 17 April, 2011	150.00 EUR
	from 18 April, 2011	190.00 EUR
ESGE Individual Members receive a 20% reduction on the registration fee		
Nurses and students:	until 17 April, 2011	40.00 EUR
	from 18 April, 2011	60.00 EUR
Team (1 physician, up to 2 nurses):	until 17 April, 2011	180.00 EUR
	from 18 April, 2011	240.00 EUR

You may either register online on www.complications-in-endoscopy.com or fill in the enclosed registration form.

Get-together on Thursday, 16 June 2011

Participants arriving already on Thursday are invited to a get-together at the Maritim Airport Hotel with drinks and light warm and cold dishes, starting 19:00. The get-together is included in the registration fee.

Congress dinner on Friday, 17 June 2011

The fee includes bus transport from the meeting venue to the restaurant and back, reception and dinner at a beautiful lakeside restaurant.

Participant:	30.00 EUR
Accompanying Person :	45.00 EUR

Meeting venue, accommodation, congress language, travel information, contact

Meeting venue – Maritim Airport Hotel

The symposium takes place at the Maritim Airport Hotel in Hannover, Germany. This magnificent hotel will delight you with its comfort and ideal location on the airport grounds.

Arrival by plane: The hotel is just a 2-minute footwalk away from the Arrival Hall.

Arrival by car: Take the exit to the airport from highways A2 and A7.

Arrival by train: From Hannover main station, the local tram S5 to “Hannover Flughafen” takes you to the airport and hotel in 18 min.

A taxi from Hannover main station to the airport takes around 20 min. and costs around 25 €.

Hotel accommodation

We have reserved a number of rooms at a special congress rate. You may book your room either online on our congress website or with the registration form included in this brochure.

Single room including breakfast: 119.00 EUR

Double / twin room including breakfast: 158.00 EUR

Room rates include all service charges and VAT

Congress language

The congress language is English except for the working group for nurses which is in German.

Die Arbeitsgruppe für Endoskopieassistenten „Patientensicherheit in der Endoskopie“ findet in deutscher Sprache statt.

The universal platform for endoscopy

**EVIS EXERA II - innovation and versatility
for both rigid and flexible endoscopy**

**EVIS
EXERA II**
HDTV 1080

ME 005 GB - PR 10/10

The EVIS EXERA II video system sets the standard in endoscopy. It is the first platform to combine high resolution HDTV 1080 imaging technology with the diagnostic potential of Narrow Band Imaging. EVIS EXERA II provides seamless compatibility with over 200 endoscopes and camera heads - safeguarding maximum efficiency in clinical workflows.
