ADVANCED PROGRAMME

SUMMER SCHOOL OF GASTROINTESTINAL ENDOSCOPY

3<sup>rd</sup>-6<sup>th</sup> October 2011

Parma Italy

*Dear Friends,*

*On behalf of the Italian Society for Paediatric Gastroenterology, Hepatology and Nutrition, I am pleased to invite you to Parma for the next Summer School to be held in October from 3<sup>rd</sup> to 6<sup>th</sup>.*

*Parma is one of the most beautiful cities in Italy, rich in history, traditions, art, music and culture. It is situated in Emilia Romagna, mid-way between Milan and Bologna. It is proud of its historical city centre and has monuments of particular importance, from roman to liberty style.*

*Parma is the capital of Italy's famous "food valley" where Prosciutto di Parma and Parmigiano-Reggiano cheese reign supreme.*

*Although a relatively small city, Parma boasts one of the oldest universities in the world and it is well-suited to a scientific event such as the Summer School.*

*It is in Parma that for 30 years our team has been working in the field of paediatric digestive endoscopy.*

*The scientific program of the Summer School comprises many lectures, discussion of clinical cases, practical exercises with experimental models.*

*The focus will be on different facets of surgical and medical endoscopy including management / avoidance of complications, emerging technologies, and innovative uses of existing technologies.*

*Practical clinical approaches as well as advanced techniques in pancreaticobiliary and endoluminal therapeutic endoscopy will be presented.*

*The topics will be illustrated by means of edited video's whereas the state of the art lectures are concluded with recommendations or guidelines.*

*In order to further enhance interaction, we have extended presentation and discussion times.*

*We hope you enjoy the scientific agenda and take pleasure in the delights of the social programme.*

*There will be plenty of opportunities to share our clinical research field interests and present original works.*

*We are looking forward to meeting you all in Parma in October 2011.*

**Gian Luigi de' Angelis**

# SCIENTIFIC INFORMATION

## CALL FOR ABSTRACTS

Participants wishing to submit abstracts can do so only in electronic format by sending a Word document with their abstract by email (info@fc-eventi.com) to the Organizing Secretariat.

**Deadline for submitting abstracts: July 1, 2011**

## GENERAL INFORMATION ON ABSTRACT SUBMISSION

Participants are invited to submit original scientific abstracts for oral/video presentation. Authors have to conform to the following guidelines for abstract submission. Those not conforming to the guidelines will not be considered for reviewing.

- Abstracts must be submitted in English and must be presented in English.
- Abstracts will be reviewed by the Scientific Committee and may be selected for oral presentations or may be rejected.
- The time allotted for each oral presentation will be 10 minutes, followed by 5 minutes of question time.
- Authors, whose abstracts have been accepted, must register for the Meeting and pay the registration fee. Failure to do so will result in exclusion from the programme.
- Each person is allowed to submit a maximum of two abstracts as presenting author. There is no limit on the number of abstracts submitted as co-author.
- Notification of rejection or acceptance of abstracts together with instructions for presentation (oral communication or video, assigned session and time allotted) will be mailed by August 30<sup>th</sup>, 2011 to the address given on the abstract form.

## THE ABSTRACT SHOULD BE TYPED AS FOLLOWS:

- Use font that is easy to read such as Arial, Times Roman, Helvetica or Courier fonts.
- The abstract must not be more than 500 words long or must not fill more than one A4 page, using type in 12-point font.
- A brief title, which clearly states the nature of the investigation, with the entire title in capital letters.
- Abbreviations should, if possible, be avoided in the title, but may be used in the text if they are defined on the first usage.
- The authors' names (full first name, surname) and the institution (hospital, university, organization, city and country, email and mobile phone number) with the name of the presenting author underlined.
- Tables, chart, or other graphics should not be included.
- The abstract should have a logical, scientific structure (introduction, mains & objectives, method, results, conclusions).
- References and credits are not to be included in the abstract.
